CARD GAME CONCEPT

Open Licenses

Fabrício, Jean Carlo e Jean Luca
Inglês Técnico IIi

1. THE GAME

What is the objective of the game?

The objective is to be the first player to form two complete sets of cards representing different types of Open Source licenses, using strategies with action cards, and dealing with special events to become the master of Open Licenses.

TURN

HOW TO PLAY?

- The youngest player starts the game.
- The top card of the discard pile is turned over.
- On their turn, a player can play a license card that matches the color or number of the card on top of the discard pile, and then draw a new card.
- If the player has any action cards in hand, they can choose to play it, activating its effect immediately.
